Subject: Fwd: Parker Center B3 Option EIR Hearing
From: "Kristin Fukushima" <kristin@littletokyola.org>

Hi all,

Please see the message below from CD 14 staffer Megan about the hearing for Parker Center tomorrow. I also recently heard from another CD 14 staffer that they've "gotten like 20 calls this am telling us to preserve it and none to demo it. Also extremely expecting like 40 ppl tomorrow to show up supporting preservation"

CD 14 and other city folks are pretty desperate for community support on Parker Center. In addition to our own priorities for First Street North necessitating that Parker Center be demo'ed, I believe this presents a good opportunity to provide support to the city and CD14 at a time when we're looking for support from CD 14 on a couple key issues for Little Tokyo, again all relating back to First Street North and future developments.

Please try to make it out tomorrow! Feel free to call me if you have any questions (562-895-3295). If you're able to make it tomorrow, please let me know - I can get to City Hall East (Room 1060) early and fill out speaker cards. While more voices are always helpful, not everyone has to speak as a strong presence/turn out will also be great.

Thank you!!

Best,
Kristin

Subject: Parker Center B3 Option EIR Hearing
To: Kristin Fukushima <kristin@littletokyola.org>

Hi Kristin,

Happy New Year!

I'm not sure if you are already aware, but next Tuesday (1/10), there will be a hearing regarding the Parker Center. The last one was cancelled and rescheduled for this date, (I only just found out about it myself). Our office will be speaking out in support of the demolition of the center and the B3 option and it would be great to get as many community members there as possible.

Ideally, we are trying to get 30-40 people to attend and hoping that some of those attendees will be willing to speak out on their experience and thoughts about the Parker Center and why B3 option is the best course of action. Our office understands that the media as well as the Conservancy group will more than likely speak against this option and will not tell the "real" story of the location. If you could pass this along to as many people as possible it would be greatly appreciated. I will be contacting other community leaders as well. The information for the hearing is below:

When: Tuesday, January 10, 2017
Where: City Hall 10th Floor
Time: 2:30PM

Please let me know if you have any questions or concerns.

Thank you,
Megan
